

MARKETING COMMUNICATIONS MANAGER

We are looking for a creative allrounder with strong communication skills. You know how to raise awareness for an aspiring ad tech company? You are eager to sharpen a mature start-up's market profile? Then don't waste a nano second and apply! You will be joining Nano Interactive in a stage of fast growth. We offer you a dynamic, international working environment with high personal responsibility and a competitive package.

Type: Full-time

Location: Starnberg (from summer 2018 in Munich)

Tasks:

- Creating and updating marketing materials for our international sales-teams (e.g. presentations, case studies, one-sheeter, infographics, client mailings)
- Preparing communication activities and coordinating them with our PR agencies (e.g. story telling, agenda setting, press releases, opinion pieces, whitepaper)
- Generating content for social media and our website (incl. maintenance)
- Organising exhibitions, award participations and internal events
- Building strong corporate identity
- Driving internal communication

Requirements:

- University degree in marketing and/or communication (or equivalent education)
- 3-5 years of professional experience in the area of marketing communications
- Profound knowledge of the online marketing industry
- Excellent skills in written and spoken German and English
French a plus – but not required
- Strong communication skills, high attention to detail and distinct team spirit
