

# TRAINEE ACCOUNT MANAGEMENT

We are looking for a passionate Account Management Trainee to support our team. Are you ready to start a great career? We offer you profound internal training to create a theoretical framework and get you up to speed with our technology, our clients and our spirit. In addition, you will be working side by side with our Account Management team - supporting their daily business. This may include reporting, analysis and presentations as well as campaign control.

Type: 12 months trainee programme, followed by full-time employment as Account Manager

Location: Munich, London, Paris or Warsaw

Account Manager Role:

- You are responsible for delivering the best possible campaign performance for our international clients together with the Ad Operations and Data Analytics team as well as proactive and professional communication with the clients/agencies.
- You collaborate closely with our Sales team regarding new business opportunities.
- Before campaign start, you are leading the communication with the client about campaign goals & setup. You are consulting the client about campaign possibilities.
- During the campaign, you are the single point of contact for the client with regards to reporting, requests and consulting. Additionally, you are managing your Ad Operations and Data Analyst colleagues regarding campaign optimisation.
- At the end of the campaign, you present detailed campaign results to the client and discuss further business opportunities. Additionally, you organise invoicing together with your Finance colleagues.

Requirements:

- University degree in marketing or equivalent education
- Quick thinking and strong willingness to learn
- Strong self-assertion and communication skills
- Outstanding commitment
- High internet affinity
- Initial professional experience at an online business or marketing agency a plus
- Strong analytical thinking skills
- Excellent MS Office skills (especially Excel)
- Excellent spoken and written English
